2	I do not have any comments so far.
5	There is not
6	For the future meetings, it will be great if the management of the project could provide us more information about the connections between our accommodation place and the place of venue.
8	Meeting was well organised, and this type of organisation can be used as a role model of meetinh organisation for futuree meetings

12	I think the Agenda tryed to see a lot of questions. And at the end somethings were seen very quickly and some of them need some more profound reflection (as for exemple the workpackges). Although it was very good to see the involvement of ministries and Agencies and the overall partners. It KaHo was as always a great host, and East Sarajevo have done an amazing work with the preparation of the meeting. I am overconfident in the sucess of the project. PS. this form should permit to go back to see the questions given in the previous questions.
13	First of all, the project itself will help our University to cope better with its mission and vision and to get on a track it deserves to be. It will help raise awareness about the importance of the internationalisation of the Institution and curricula which will lead to the Institutions' visibility and raise the numbers of the mobility flows. I hope that we will clear the financial management and its procedures for the unhindered project implementation and that EACEA will accept our proposals in terms of project management. Good luck and may this Project be recognized as the best after it has been finished.
15	Thank you Nenad
